1. Introduction:

Tourism NI is committed to providing a high quality service to all our customers. However, there may be occasions when problems arise and you do not receive the service you expect. We want to know when an issue has arisen so that we can put it right and learn from the experience. In line with our core values, Tourism NI strives for Excellence and is committed to act with Integrity in the delivery of high quality services for all customers.

If you have any reason to be unhappy with our service, we want to know about it so that we can put things right in the most appropriate manner and as quickly as possible.

Your feedback is important to us, whether positive or negative. Not only does it allow us to improve our individual service to you, it also helps us to enhance services for other customers.

This Tourism NI Complaints Policy refers only to complaints you have in relation to services you have received directly from Tourism NI.

If we think that your complaint should be dealt with by another organisation, we will tell you as soon as possible. Where we can, we will also tell you who that other organisation might be but **we cannot forward a complaint on your behalf.**

All complaints are dealt with professionally and in confidence. All feedback is welcomed and will in no way affect future Tourism NI support decisions or customer relationships.

9. How we use personal information in relation to complaints:

- 9.1** When investigating a complaint Tourism NI takes care that it respects the rights and freedoms of all those involved. How we handle any personal information we receive in respect to those rights and freedoms is described in our privacy policy. TourismNI.com/privacy.
- 9.2** When we receive a complaint, we open a file containing the details of the complaint. This normally contains the personal information and identity of the complainant and of other individuals involved in the complaint.
- 9.3** We will only use the personal information we collect to process the complaint and to check on the level of service we provide. We do compile and publish statistics showing information (for instance on the number of complaints we receive), but not in a form which identifies anyone.
- 9.4** When we receive a complaint, we are required to notify all those persons involved that we have received a complaint and that we are processing their personal information for that purpose only.
- 9.5** We usually have to disclose the complainant's identity to whomever the complaint is about. This is inevitable where, for example, the accuracy of a person's record is in dispute. If a complainant does not want the disclosure of personally identifiable information we will try to respect that. However, it may not be possible to handle a complaint on an anonymous basis.
- 9.6** We will keep personal information contained in complaint files in line with our retention policy. This means that information relating to a complaint will be retained for five years from closure. It will be retained in a secure environment and access to it will be restricted.

9.7 Similarly, where enquiries are submitted to us we will only use the information supplied to us to deal with the enquiry and any subsequent issues and to check on the level of service we provide.
